I live not in myself,

but I become

Portion of that around
me;

and the walls Of
Academia

can dance and bloom,

Being my limbs

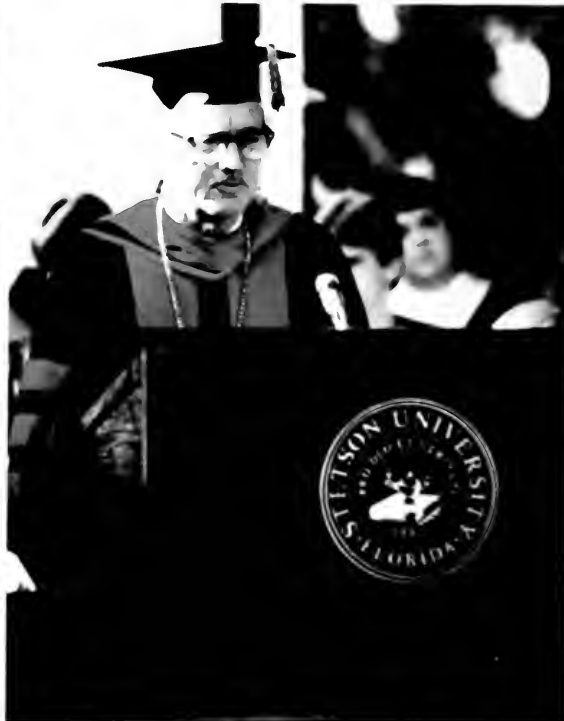

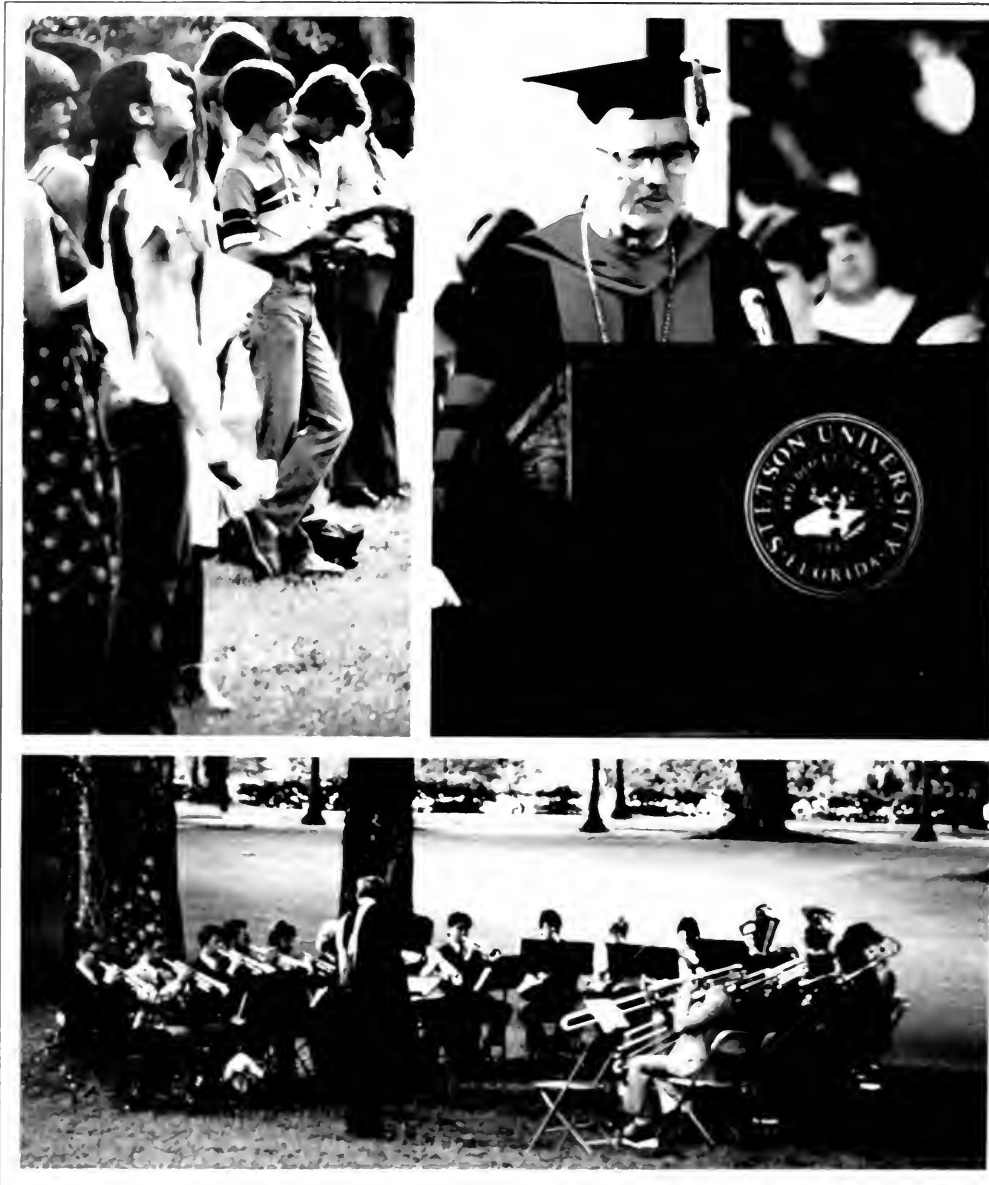

long strides

or infant-crawls . . .

That blossom into wisdom with the years.

Thus I am Stetson,

and her mem'ry calls . . .

With all a

scholar's hopes; a youngster's fears;

My friends; my books; old buildings;

growing with my peers.

There is a pleasure
in the ivory tow'r,
There is a rapture
when the Greeks regale,

There is society, which has a pow'r
Of lifting spirits, now as we are hale
And young, immers'd in it. These days must fail

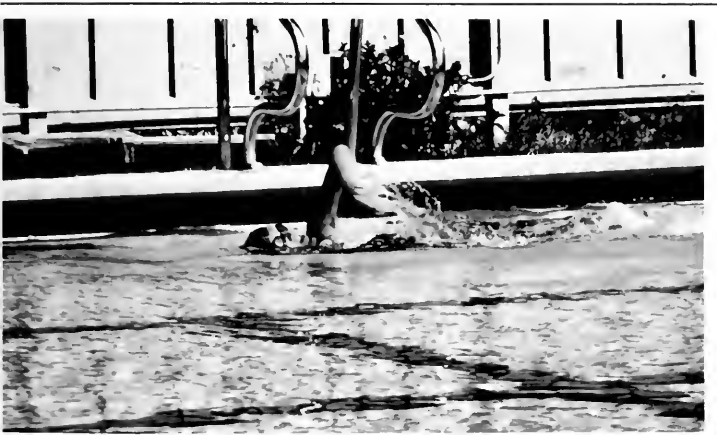

Or we must leave them for a greater world:
Yet what we might become, when we shall sail
On larger waters, here has been unfurled

Stetson the canvas, life

the breeze; our ship,

the world.

Farewell!

A word that must be,
and hath been, A parting,
a remembrance seal'd for
time!

But what is time,
where life was lived — the
scene

Of growth in knowledge,
love, and wisdom?

Climb

All hills before you
with the joy sublime
That comes from having
scaled these first ones well;
And Stetson's days,
youth's journey, like a chime
Of church-bells shall resound
Immanuel!

— May God be with you,
and with Stetson.

Friend, farewell!

“Having been at Stetson University for 18 years there is so much that I could say that it would fill the book. Therefore, I say nothing.”

M. R. Emerson

University Engineer

I hope that you will find as much joy and information in this yearbook as I have in the ones which I have used since my own college days. I believe you will. Stetson is a wonderful place, but it would be nothing without the people who make it up. This yearbook has its principal value in the fact that it majors on these people.

When we all are young, we are not as apt to be conscious of the significance of memories and connections as we will be later. A yearbook helps us to preserve those memories and our consciousness of connections in a very unique way.

A handwritten signature in black ink that reads "Pope A. Duncan". The signature is written in a cursive style with a large, prominent initial "P".

A Meditation

One must learn silence.
One must restrain the flood of feeling
lest feeling run

one mind able to
command the great gates — thereby create
sea so deep it
cannot be breached, even by the sun.

FUNdamental Laws

If you've just joined the sailing club to impress that cute guy who teaches sailing, as you return to the dock, holding onto the forward stay, sexily perched on the deck in your prettiest bikini, the wind will change, the boat will tip, and you will fall, inelegantly into the slimy, green drink! If you try to recoup from the above accident by pitifully crying for help to get out of the slippery water, the guy who saves you will turn out to be the Turkey of the campus.

Dr. Nancy Johnson

Dr. Thwing is quite active in the Church. He sings in the choir, is President of the DeLand Chapter of Full Gospel Business Men's Fellowship International, and has recently published an article in Charisma Magazine.

Dr. Delap can tell you quite a bit about his recent stay in Africa; but if you're more interested in his activities here in DeLand, ask him about his tennis with the Dean, or his photochemistry research.

He's President of the Gem and Mineral Club of DeLand, a member of the Council Committee on Chemical Education of the American Chemical Society, and a councilor of the Florida Section of the American Chemical Society; guess who! He's none other than Dr. Beiler.

Physics, Chemistry, Biology: P. Papacosta, T. Lick, T. Beiler, A. Jusick, K. Everett, D. Barkalow, D. Stock, E. Coolidge, J. Bozard, C. Coutant, D. Fuller, E. Norman, K. Hansen.

More FUNDamental Laws

If the biggest bash of the year is set for December 20th, your worst exam will be at 7 A.M. December 21st.

If the courses you've taken for two years were designed so you could take Chemical Engineering 476, the new catalogue will show Analysis 275, which you haven't taken, as a new prerequisite.

Greenfeather 1980

The Greenfeather Drive raised \$10,000.00 this year. The co-chairmen for this event were Joel Brown and Sandy Babey, both of whom put in a lot of time and effort to make the charity drive successful. The money raised throughout the week goes to such charities as: United Way, Muscular Dystrophy, Cerebral Palsy, Cancer Society, and such local charities as the Neighborhood Center and the Duval Home, among others.

The fund raising events this year included Fund-run, and Bar B Q and field-day, the Follies, and of course, the Greenteather Carnival. This year's carnival boasted more booths and raised more money than its predecessors. Kids of all ages enjoyed it, including members of the faculty and administration.

STUDENT LIFE

The Student Union is the center of student life. It is the place where the Student Union Board, the Student Union Officers, the Student Union Committees, the Student Union Staff, the Student Union Activities, the Student Union Clubs, the Student Union Organizations, the Student Union Societies, the Student Union Fraternities, and the Student Union Brotherhoods, all meet to discuss the Christmas season and the attractions that might be used to the students' interests.

If travel for the Stetson Straight is the inward journey of a developing city along with the obvious outward growth through time and towards maturity, then K. Buckminster Fuller must embody the virtues of that journeyman. The internationally acclaimed genius and pioneer visited Stetson on October 10 and illustrated what the "Renaissance Man" of the twentieth century is like.

We, the students, shall always strive to reach for the goals that we have set for ourselves no matter where the path may lead us.

Winter Term '81 proved to be a success for students and professors alike, due to the efforts of the Winter Term Committee, headed by Dr. Gary Maris.

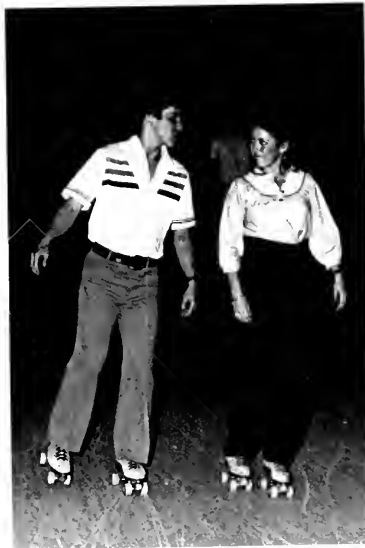

Relief from the record-breaking cold weather was provided by the many extracurricular activities, visiting scholars, artists, musicians, and just plain good times.

WINTER TERM

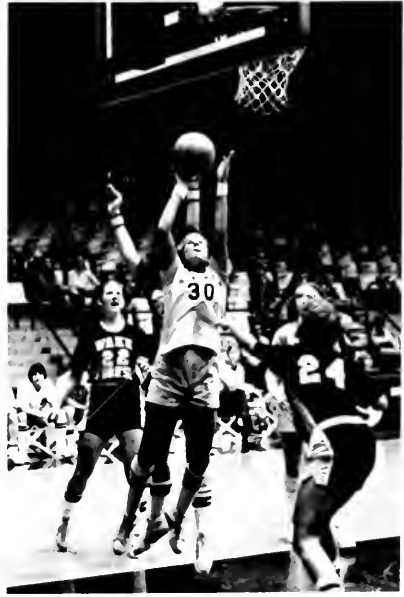

STRETCHING THE MIND
EXPLORING THE OUTER LIMITS

Students were given many opportunities to "explore the outer limits" through independent study and various theme courses, ranging from The Third Wave to The Celluloid Horizon. Several off-campus seminars were offered, such as the Washington - New York trip which brought students into contact with politics outside the classroom.

Many students used this time to "stretch their minds" as well as their bodies. Meditation and CPR classes, weight-lifting, softball, and aerobic dance were offered to fulfill their needs. For sheer entertainment, Stover Theatre provided Agatha Christie's excellent mystery, "The Mousetrap."

Despite classes, projects, and senior researches, relaxation was the order of the day. Resourceful as ever, Stetson students found endless ways to take it easy, take a break, and even take off.

S

Scoping is our favorite pastime here at Stetson. What better reason is there to go into the commons, the library or even the hatrack? However, scoping has become a campus-wide occurrence, people "scope" from just about anywhere.

The next time you're running around campus remember that people are "scoping" you out. So be on your toes and always look your best!

Epsilon Theta Chapter of Kappa Alpha Theta Fraternity was organized at Stetson on February 14, 1981, and was installed as a chapter on May 2, 1981.

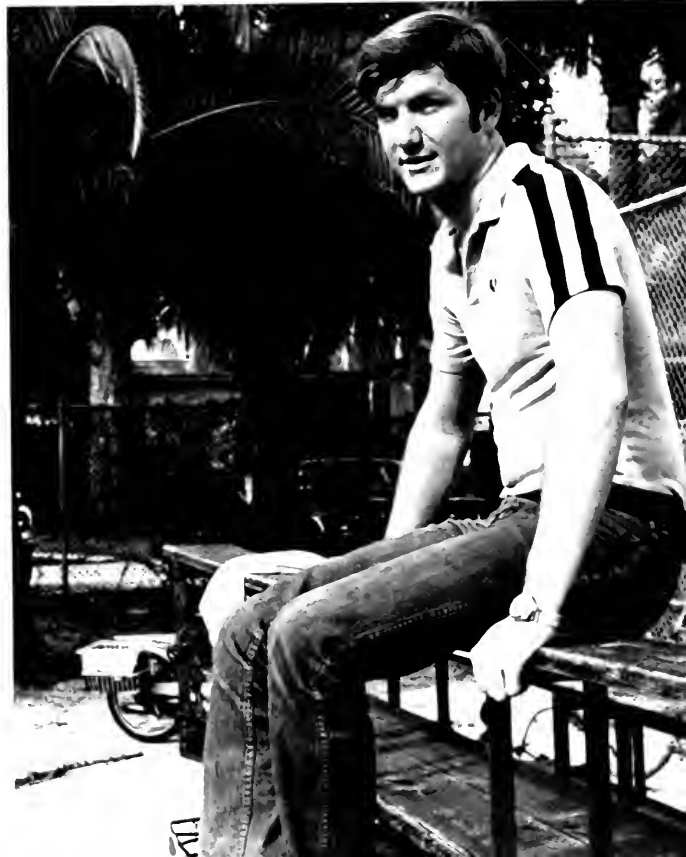

The Thetas are proud to join the ranks of the Panhellenic Association as the first sorority invited to the campus in twenty-four years. The development of chapter unity has been enhanced by the dedication and effort of the collegiate members and alumnae in the community. Spring activities included a pledge retreat, fraternity socials, Panhellenic Pals, a Big Sister program with the University of Florida Thetas, and various alumnae activities. Our major event of the semester was the installation of our chapter when each member was initiated by the Grand President of Kappa Alpha Theta.

We look forward to our first full year of existence in 1981 - 1982.

OFF CAMPUS

As we journey through Stetson some of us decided to adventure off campus. Off campus life does not only include a home outside the dorm but also includes any activity that we do off the campus grounds. Such activities include trips to Rosies, The "Port", Daytona and various other destinations.

COMING '81

HOMECOMING: Coming back to Stetson. Traveling many times but always returning.

This past weekend marked Stetson's 98th homecoming. It started on Friday the 20th and continued on to Sunday the 22nd. Homecoming '81 was marked with many fun-filled activities, making the weekend most enjoyable for all. Committee chairmen Carol Fromhagen and Brian Eubanks worked closely to make the weekend a success. Alumni came from everywhere to see if the campus had changed any.

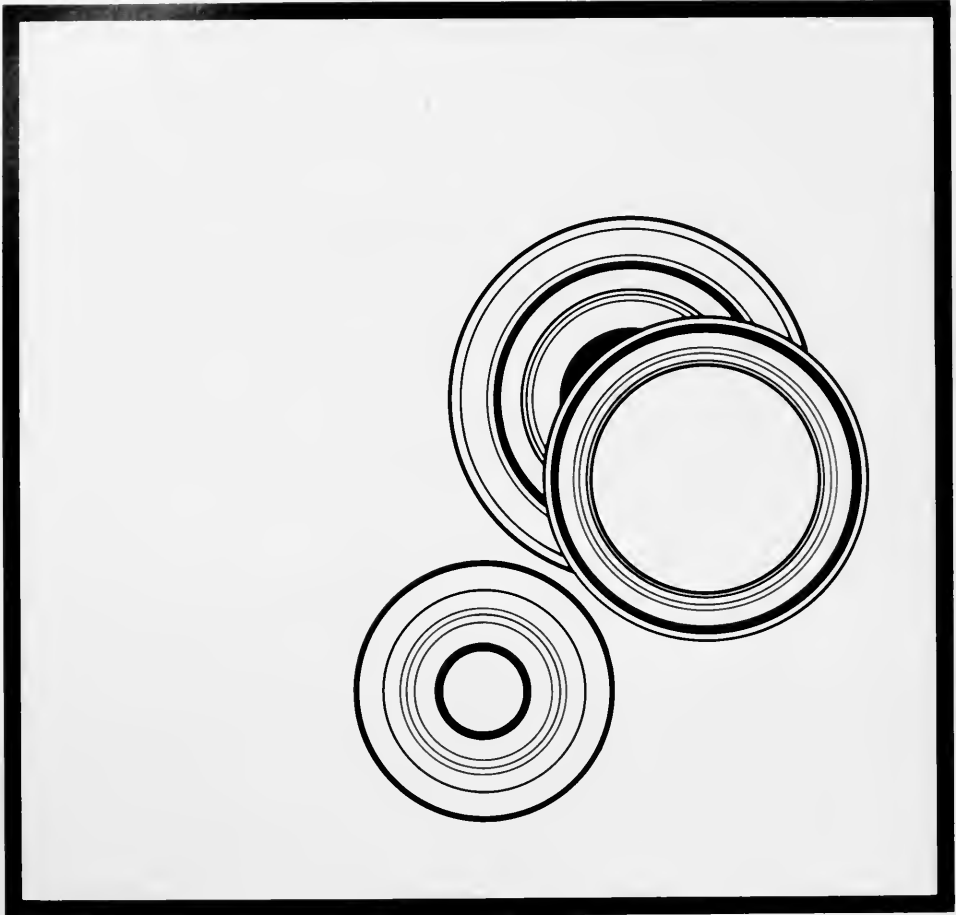

Although the weekend was designed for alumni, the school's student body also took part in making the

weekend a memorable experience. Friday's activities were "tests" for the alumni — they were challenged in both baseball and tennis by the students. Friday night was highlighted by the Tommy Dorsey Orchestra which played in the Edmunds Center.

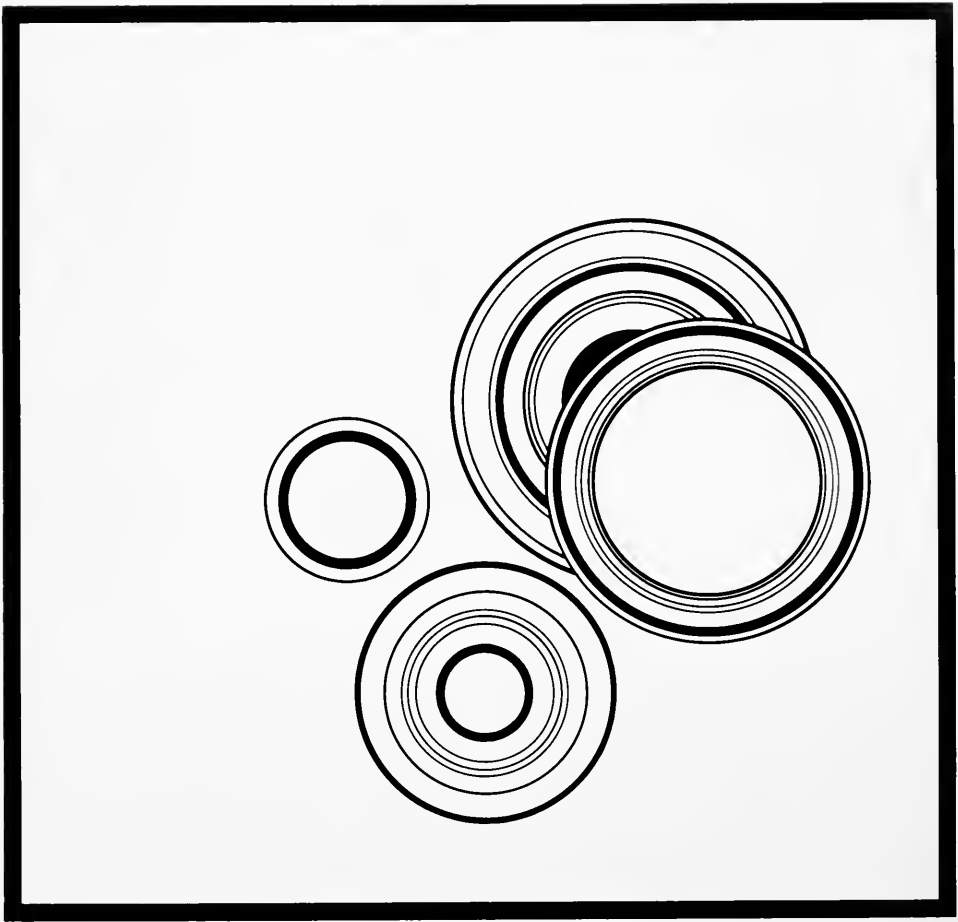

Saturday began with a list of guest speakers at each of the breakfasts. Senator Lawton Chiles for example, spoke to an eager audience of Stetson grads, both old and new, at the Law breakfast. Also in the morning, there were the inductions into the Sports Hall of Fame. The day continued with many activities, field day at the BBQ and the sounds of Bluegrass music. Receptions, Fun Run, and many open houses also

filled the afternoon. The night brought victory — the Hatters stomped on the team from Bethune - Cookman. Team work was the most important point of this year's game. As half time rolled around there was excitement in the air. Who will be the King and Queen? This year's queen was Angel DiCosola and the King was Rob Dyer. Angel represented Phi Mu sorority and Rob held strong for the Pi Kappa Phi Fraternity. The game continued to only prove once again the Hats are number 1.

Homecoming was over just as fast as it started. Tears, hugs, and laughter will be remembered as the biggest part of Homecoming '81.

STETSON SOCCER HATS "TURNED THE CORNER"

The Stetson soccer team had another tough season ending with a record of seven wins, ten losses, and one tie. With a tough schedule, Stetson's relative inexperience could not quite keep up with the talents of such rivals as the University of Miami and Biscayne College.

The Hats had a difficult year losing most games by only one goal. "Inexperience hurt us," said coach Gil Dominguez. "We have had the opportunity to win many games."

The team will only lose four

seniors: Ed Fitzgerald, Steve Scerra, Jim Massinello, and Edgar Haerle of which the team relied upon for their experience. The team was young and with many returning starters such as top scorer Ricky Harris coach Dominguez said: "We have a good nucleus for next year's team. And with the season out of the way, I feel we have turned the corner in our quest to make Stetson Soccer a competitor in this state." The coach added, "I'm very pleased with what we accomplished this year and very optimistic for the future."

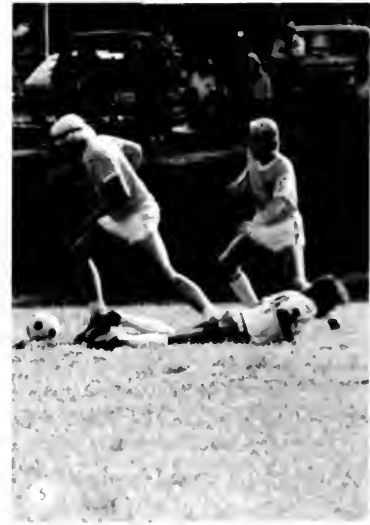

1. Using his favorite technique for clearing the ball is Scott Fortes. 2. Quickness and agility were Tim Mele's strongest assets. 3. Ricky Harris shoots for a goal.

1. Vince Accardi clears the ball to Dave Drescher as the Hatters move the ball downfield. 2. Calling for a pass to try to score is Vince Accardi. 3. THE STETSON SOCCER TEAM: FRONT ROW: Ed Fitzgerald, Bob Wilson, John Clark, Tim Mele, Mike Nave, Glenn Brooks, Reed Kinnison, Jim Massinello,

more Glen Brooks steals the opponent from his chance to score.

LADY HATS LOOK TO 1981

The Stetson volleyball team ended their season in early November with a record of 17 wins and 28 losses. Coached by Elizabeth Shumaker the team faced such rivals as Jacksonville University, Eckerd College and the University of Tampa.

"Our record is not indicative of how we played during the year," said coach Shumaker. "We were competitive in almost all of our games. We met a lot of our fundamental goals and we have built a good foundation for next year."

The Lady Hats will only lose two players next year so coach Shumaker is looking to rely on plenty of experience in the 1981 season. Hard hitters Jan Michael and Teresa King will be

leading Stetson but with the talent of this young team coach Shumaker is ready for the new season. She stated: "With most of the women playing United States Volleyball Association games in the Central Florida area during the off season, conditions will be better once the season starts up again in September and we can give more time to the development of the offense and defense." This past year there was just too little time for the young team to learn the new strategies and to condition themselves for the short, tough season. Spirit and determination held the team together and Shumaker added "The end of one season is just the beginning of a new one."

1. Coach Schumaker finalizes pregame strategies before the Lady Hats take to the court. 2. From the bench, the girls get instructions from coach

Schumaker. 3. Another winning smash is executed by Debbie Fieldman.

1. Kathy Cooley sends the winning spike into the opponents court. 2. The Lady Hats in action. 3. Defense was the Hatters strong point against the University of Jacksonville. 4. The Lady Hatters: Brenda Barrow, Margaret

MEN'S TENNIS

The 1981 Stetson men's tennis team has moved from a stage of rebuilding to a stage of great depth. The Hatters lost only two starters from last years squad and their positions were quickly replaced by two transfers from junior colleges. Coach Ray Hussey expects this years team to be the best he has had in half a dozen seasons. The Hats will be playing college power houses this year such as Univ. of Tennessee at Chattanooga, Air Force Academy, University of Charleston, Washing and Lee to mention a few.

The 1980-1981 team is as follows: Scott Hunter: second year letterman and sophomore from Palmetto, Fl. Phill White: also second year letterman and a junior from

Washington D.C. Playing number 2 last year Phill will be played 1 or 2 singles and number 1 doubles. John Joiner: returning number one player from last year and three year letterman. Rob Gabbard: First year with the Hatters Rob will be a great asset to the team. Gary Marks: a sophomore from Daytona Beach, Gary will be adding college level tennis to this years squad. Mark Wilkinson: Mark is a junior transfer from Daytona Beach Junior College.

The best of luck to this years Hatters and the hopes that they may develop into a Fla. College power house under the coaching of Ray Hussey.

NEW TEAM TAKES TO THE COURT

The Lady Hatter tennis team just tried to get off of the ground this year because of their virtually all freshman lineup. The team gained seven new faces joining veteran Liz Schroeder to make up one very determined and optimistic squad.

The Hatter squad started with Harriet Monroe of Waycross, Ga., a freshman who won the Georgia state private school championships for four years. In second position was Mary Pat Dougherty, a junior from Utica, N.Y., followed by Liz Schroeder of Holly Hill, who played strong for the Hatters last year, excelling in Doubles. The team

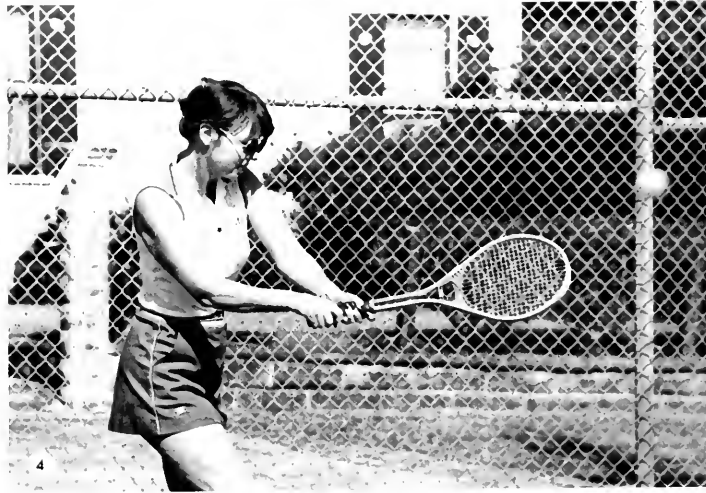

was topped off with Karen Layer, Sharon Swanberry, Niki Perakis, Terri Fletcher, and Jane Thompson.

Coach Vicky Pate explained that she looked forward to doing well throughout the schedule but mostly about reaching the state championship. The team looked to face such rivals as Rollins and the University of South Florida. "Our doubles teams are strong again this season, and they've been working hard," explained Coach Pate, "We've had weekly doubles clinics." Coach Pate looked optimistic for the future of this year's team.

LADY HATS TAKE FIRST

The Lady Hatters were clearly the strongest this year than in many past years. The women were ranked first in the state and overall had a well deserved season after many years of building.

Led by seniors Brenda Elrod and Trina Hudson, the girls were able to beat such rivals as Flagler College, University of Central Florida, and Florida H&M. Junior point guard Donna Johnson and senior Brenda Elrod were the leading scorers with Brenda breaking 100 points over her four years at school. Donna broke all existing Stetson assist records halfway into the season.

The team was a relatively young team losing only four seniors, two of which started. The teams best game was against the University of Tampa. The Spartans were a well developed team but Stetson was just too tough. The Lady Hats played their best defensive match all year.

With such a good season and a young team, Junior four guard Tracey Byer stated, "This is only the beginning of a new winning era." With the dedication, contribution, and expertise shown at the games there is no question the Lady Hats are on the move.

HATTERS LEAD NEEDED EXPERIENCE

The 1981 Baseball players gained exactly what head coach Pete Dunn hoped they would in fall workouts - experience. With few new members and a host of returning starters the team continued its elusive chase for the first ever NCAA Div. I tournament spot.

The fall program proved to be very usefull and hopeful for the Hatters, winning two Stetson hosted tournaments, the Stetson-Junior College Invitational and the Stetson Fall Invitational. Coach Dunn separated the team into two squads, the green and the white. The white squad had a 5-0 record while the green had a 3-0 record for the fall. "If you view the fall program in the context of what we had hoped to get out of it, you'd have to say we were a success," explained Dunn. "It has given

the younger players game experience, which adds to our teams depth."

Only three non-pitching starters were lost from last year's lineup but with a series of injuries and problems the coach was seriously concerned. Shortstop Wade Rowden, infielder Brad Cloud, and center fielder Bob Schaeffer all were sidelined the fall season. The biggest strength of the team lied in the pitching staff with Mike Burgermeister, Bob Klusacek, Mike Bergman, Jim Frey, Brad Fraley, Mike C. Hamilton, Mike N. Hamilton, Dennis Martin, and Jerry Costigan.

The 55 game schedule included such teams as Army, Louisville, and Delaware who all proved to be big challenges.

TOURNAMENTS BRING SUCCESS

The 1980-1981 Stetson Golf team had one of its best years ever. Facing such rivals as Rollins College, University of South Florida, and Florida Southern College, the team had a truly successful season.

Led by senior Mark Heartfield and veteran Buster Hunt, the team practiced daily whether it was on the soccer field, "shagging balls", or out on one of the three beautiful DeLand courses used. The Swallows, DeLand Country

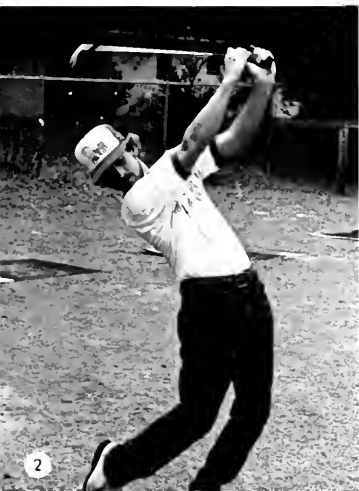

Club, and South Ridge Golf Course all were competing grounds for the Hatters.

The team competed in many tournaments during the fall. They placed third in the Miami Sun and Fun tournament and also placed high in the Florida Intercollegiate Golf Championship. Stetson also hosted a tournament of their own called the Stetson Invitational. This event brought many teams in for competition.

HATTERS MAINTAIN WINNING WAY

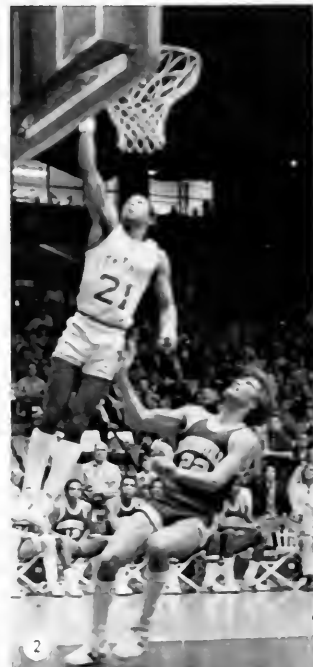

After a dynamic 1980 season the 1981 Hatters had a tough act to follow. With a relatively experienced team returning, the Hatters maintained their .500 percentage throughout 1981.

With a long list of defeats on road games the Hatters had an excellent home game record. The spirit of the cheerleaders and the excitement in the crowds got the team moving. Point guards Brad Weston and Derrick McDowell ran the show on the court. With 2 years experience and good floor leadership these two men controlled the action. Under the boards stood Wilbur Montgomery and Clifford Johnson, their senior experience and strong inside moves surely added to the wins.

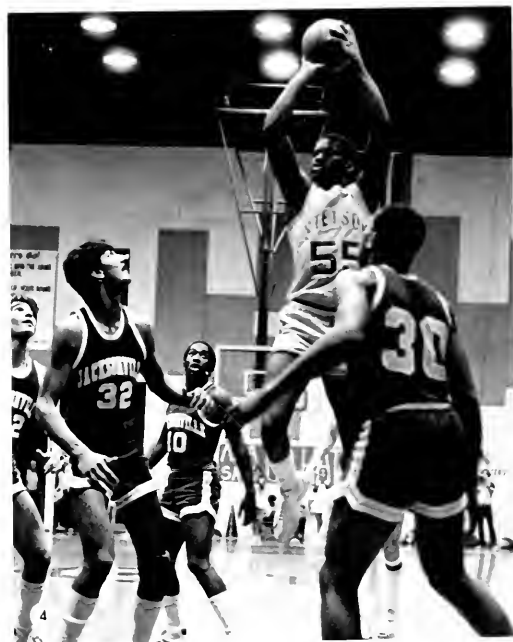

The next two important people were Jim Ramsey and Frank Burnell. Ramsey, a shooting guard, has been moved in to fill last year's NBA recruit, Dirk Ewing. His shooting ability and style was a major team asset. The freshman squad consisted of Gary Mims, Glenn Myrick, Mike Reddic, and Mike Malony. These men picked up the slack when it was needed.

The Hatters faced such opponents as Republic of China, Duke University, Butler University, Florida A&M, Mercer University, and Jacksonville University.

Miss Hatter was crowned in early December and after weeks of judging, Linda Yoder was the final winner.

NEW IMAGE PLEASES CROWD

The Stetson Cheerleaders had a new image this season with new cheers, new mounts, and new uniforms. The girls wanted a "peppier" style so they initiated many attractive crowd pleasers.

After tryouts in September, there were twelve starting women with one alternate. The girls practiced three or more times per week and continually revised their style of cheering.

Assisted by Jan Wilkes, their advisor, the girls travelled to away

games within the area showing their deep support for Stetson's teams. Cheers were also given at each home soccer match, girls' basketball game, and men's basketball game. With the presence of the Pep Band, the girls used the music to their own advantage. Modern dance, and new musical cheers were a common sight at each basketball game. The crowd enjoyed these lively exhibitions and always participated whenever possible.

TEAMS RACE FOR THE CUP

The intramural program this year was once again very competitive with a large amount of participation by the student body. Fraternities, Sororities, Dorms, and Ministries all vied for the President's Cup or All Points Trophy. With Pi Kappa Phi retiring the President's Cup last year, it was a new race for a new cup.

In volleyball, Pi Kappa Phi was once again undefeated for the eighth

year in a row while Conrad Hall took the trophy in the women's area. Pi Kappa Phi was also undefeated in flag football with Zeta Tau Alpha taking control in the women's matches. Lambda Chi Alpha took the trophy in men's badminton.

Alpha Chi Omega was founded in 1885 at De Pauw University in Greencastle, Indiana. Our chapter was founded at Stetson in 1957. These are a few of our favorite things: caring about our 22 fall pledges, who are more precious than pearls; celebrating Alpha Chi's 95th birthday; having fun in the sun at pledge retreat; stringing along the pledges before they find their Moms' throwing a pajama party; sharing a close sisterhood.

Alpha Xi Delta

Alpha Xi Delta was founded by ten women in 1898 at Lombard College. Today, we strive to reach the ideals of womanhood just as our founders did. Our flower is the pink rose, our emblem the Quill, and our

mascot, Al Fuzzy Bear, is derived from our name. In remembering our heritage, we have a special place in our hearts for Olga Bowen, who passed away this October. She was an original Omega Alpha Xi and we all loved her.

1980-81 has been an "awesome" year for the Xi's. We began by sweeping all of the Panhellenic scholastic awards, along with the 18 prizes known as our pledges. Next, we were chosen by our national to open up a new chapter in Gainesville.

The rest of the year has been a

whirlwind of social, panhellenic, athletic, rosethorn tuzzy brother, and philanthropic activities. After all, that's our motto: Have Fun!

Phi Sigma Kappa was founded March 15, 1873, and the Stetson chapter was added in 1974. Our colors are silver and magenta, and our flower is the red carnation.

Phi Sigma Kappa is Brotherhood, Scholarship, and Character. It is pride in traditions and ideals, as embodied in our donations to the YMCA and our field day with the orphans from the Methodist Children's Home. But Phi Sigma Kappa is also Fridays at Otis's and lunch at the Port. It is Tacky Hawaiian, Handi Way, Sixties, and Toga parties, and kegs at the beach. It is a

chartered Stetson's Chi Chapter in 1921. The fraternity's colors are gold, white, and blue, and its flower is the red rose.

Chi chapter is a tightly knit group which is proud of its achievements in academics, athletics, community service, and social endeavors.

In the area of community service, Chi chapter focused its efforts on helping underprivileged children through the sponsorship of such programs as Head Start, Big Brother, and Project PUSH, and in the area of

sports and academics we hope to repeat last year's accomplishments by earning both the intramural sports trophy and the high GPA award. However, all work and no play was not our objective. Our social traditions include serenading the Stetson ladies, skiing at Beech Mountain, getting "Blacked out" at Spring Weekend, and throwing Fubar Parties at our thirsts' demand.

The brothers of Sigma Nu are active in school and community affairs. We had parties for underprivileged kids from DeLand, and won both the campus-wide canned food drive and the blood drive for the third time in a row. The Snakes are highly successful in athletics and academics as well as being tops in social activities. Stetson Afro American Society

Robinson, B., Roberts, K., Killum, S., Jean, D., Williams, B., Clark, D., Daily, L., Allen, R.

The Stetson Afro American Society being a service and social organization, provides aid to the DeLand and the Stetson community as well as catering to the needs of the minorities on campus. Among their many activities this year, SAAS held a haunted house party for the pre-schoolers at Twinkle Star Preschool, organized their annual "Black Emphasis Week" presentations, and participated in the intramural sports programs.

Carson Hall Staff

This year Carson Hall came out of nowhere - thanks to its staff and residents. In athletic competition, Carson fielded a team for nearly every intramural sport and racked up points while vying for the President's cup. Also, the intra-dorm competition for the coveted Carson Cup has done much to bring the halls together. Several social activities took place such as cookouts with the women's dorms, Casino night, rock and roll parties, and several speakers and presentations on interesting and educational topics. Carson is on the move - watch out!

Steve Baade, Jeff Horey, Scott Hunter, Chip Letter, Greg Knight, Russ Crumley, Allen Vinson, Bob Cohen, Walter Rickenbach, David Reinhardt.

Gordis Hall Staff

Continuing on the Vanguard tradition of 1979-1980, the Gordis staff added a new dimension to their "well-oiled machine". They have been actively involved in many campus activities including Oktoberfest, the all campus camp-out, and a trip to Disney World. The "machine" certainly has been working.

D. Johnson, K. Baur, T. Egnor, K. Krauss, Lopez, W. Ramsey, P. Nickens, R. Helton, K. Groves.

New Men's Hall Staff

Craig Kettles, Jay Rust, Gary Dooney, Jon Stage, Mark Herr, John Walters, Jon Tofte, Bill Ballinger, Ashley Andrews, Bill Cinnetti.

This year was full of both construction and constructive activity for the residents of New Men's Hall. A kitchen completed with an ice machine, an auto mechanics center, a new laundry area, and a refurbished main lounge were among the major additions to the dorm this year. When they were not skating with the girl's from Conrad, tide-sliding with the Emily women, or feasting on steak and seafood with the Tri-Delts at the St. John's river, the New Men's residents were competing intensely in the Hall Wars.

Smith Hall Staff

B. Segal, B. Bartlett, B. Eubanks, M. Harris, J. Kipi, J. Clark, D. deArmas, J. Brown, T. Lovello, J. Farniacci, B. Raymond, K. Michaels.

This was a year of new beginnings for Smith Hall. All the staff members were new to the program and each brought plenty of energy with him. Lower 9 was reopened as a study lounge and Lower 8 was refurbished as a comfortable T.V. room. Spirited Competition for the new Smith Cup found halls weight lifting and playing football and ping pong against each other. Speakers visited the dorm regularly, speaking on everything from self-defense to birth control. In an effort to bring the lovely Stetson women together with the men, dinner parties, and dances were offered. It certainly was a year for the guys of Smith Hall!!

Chaudoin Hall Staff

Chaudoin Hall is known for its picturesque architecture and antique furnishing, but there is much more than just the pretty building. Traditionally a freshman dorm, Chaudoin has taken on a new style with both freshman and upper class women who have worked and lived together to create a nice, homey atmosphere. From birds to graphics to rainbows and flowers, each hall had its unique personality. Intramurals provided a sense of pride for the individual halls and competition for the Chaudoin Cup added to the total dorm unity.

L. to R. Wells, B. Dunn L., Harper, C., Burnett, K., Miracle, L., Bolkum, C. Fortson, T. Phillips, K., Habart, A.

Conrad Hall Staff

New faces bring change and this year many new students joined in the warmth to help rekindle that 'Conrad Fire.' Along with general support of school functions, Conrad upheld several dorm-wide traditions such as a Halloween party and caroling, a progressive dinner, and a campus wide Valentine's dance. The new 'fire' inspired the formation of a strong intramural team, sponsorship of a campus wide skating party, and continuation of the "face life" of Conrad's lobby. Conrad Hall, you're lookin' good!

L. to R. Clark, K., Lieberman, M., Lindquist, L., Toland, D., Petrie, L., Marian, K., Nelms, P., Glynn, M., Carlton, K., Mobley, S., Judah, P.

Emily Hall Staff

L. to R. Weber, C., Dee J., Byer, T., Thompson, B., Adams, M., Elrod, B., Foley, J., Metz, M., Easterling, K., Sargent, R., Clemons, B., Guess, J., Langley, M., Sellar, C. McCloud, L.

Staff and laughs as students and pals - that's the life of Emily gals! The seven halls of Emily invited all sorts of activities ranging from serenades by Wheeler House to cookouts with the "fly-boys" from Embry-Riddle. A fearless (fearful?) staff of fifteen accompanied their 200 neighbors through the thicks and thins of college life. Of course, the multiple personality of "Miss Emily", chosen at the dorm Halloween party, watched over her girls, even though her portrait is strangely missing from the lobby! Where are you, Miss Emily?

Stetson Hall Staff

L. to R. Jones, C., Brown, D., Dupree, D., Walker, A., Songster, M., Rosler, L., Stones, S., Beekman, A., Tores, V., Pileggi, S., Jones, S., Cornell, R. Bouras, T., Maddison, K., Zimmerman, C., Healy, M.

The dynamic staff of Stetson Hall, led by Head Resident Debbie Brown, participated in several activities throughout 1980-81. The year started off with the Oktoberfest celebration sponsored by Stetson Hall and Gordis Hall. During Halloween, the Stetson Hall women became a neighborhood of goodies for the kids trick or treating from an area day care center. Water balloons were Stetson Hall's contribution distinction was in having the most RA's kidnapped and the most raids ever to occur in the womens' dorms.

editorial

Four years flew. Each faster than the last. If I really believed these had been "the happiest years of my life," I could be satisfied. Wonderful times and lovely people have made up my Stetson years.

I don't believe it, though. While these have been four fabulous years, my happiest ones are still ahead. Each day is more full because of the last. I'm looking forward to more blessings and thank the Lord for the future as well as the past.

Special thanks go to Karen Eckes, assistant editor, for her diligence, cooperation, and concern as she took charge on my "breaks." Jayne Marlowe, advisor, for being in the thick of things on our account. Also, for always presenting a calm case when it was actually a calamity. Pictures, money, deadlines, staff, etc.

Allen Rosenberg, company representative, for being another stable influence. The answer to our problems was never more than a phone call away.

H.R. Brennen, head photographer, for being a creative, dependable, and fun-to-be-around kind of fella.

And the yearbook staff, for their hours of work. Now that it's finished —

Enjoy,

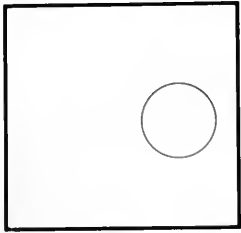

Dwika

ON THE IMPORTANCE OF CLEAR COMMUNICATION

The following instructions actually appeared in a church bulletin:

"The service will close with 'Little Drops of Water'. One of the ladies will start quietly and the rest of the congregation will join in".

In case we have not communicated effectively with you, we would like to say that we have started quietly and we hope the rest of you will join in.

STETSON'S
ALUMNI ASSOCIATION

John B. Stetson University was chartered in 1883 with the admonition to "be operated as an institution dedicated to Christian education in accord with the principles of the Baptist faith..." Trustees were admonished to select and retain faculty "on the basis of Christian character, scholarly attainments, and ability," and to select students "from the standpoint of character, intellect and aptitude, and potential for leadership in serving the Kingdom of God among men."

Through ninety-six years, under the leadership of seven presidents, Stetson University has remained true to that trust.
